

Virtual Workshop on Air District's Draft Health Risk Assessment for AB&I Foundry

Come learn about how the Air District is Implementing its Facility Risk Reduction Program and hear Local Community Voices

Dear Bay Area Community,

The Air District and Communities for a Better Environment are conducting a joint virtual public workshop to present, discuss, and receive comments on the draft Health Risk Assessment, or HRA, for AB&I Foundry located in East Oakland at 7825 San Leandro St. At the workshop, Communities for a Better Environment will share community members' perspectives. Air District staff will provide presentations and respond to questions on the draft HRA.

When:

The workshop will be held using Zoom and will take place on **Friday, May 7, 2021, from 5:30 PM to 8:30 PM.**

Login information:

To access the Zoom meeting, you can join via web browser or by phone, as described below.

Meeting ID:

842 6573 2418

Why:

The Air District conducts health risk assessments (HRA) as part of its ongoing effort to reduce emissions from stationary sources of toxic air pollution. HRAs are conducted for facilities whose emissions pose potentially high health risks to identify opportunities to reduce pollution and protect public health. AB&I currently operates a grey iron foundry on San Leandro Street in Oakland that manufactures cast iron pipe and fittings for plumbing systems.

We invite you to comment on this draft HRA. The draft HRA for AB&I Foundry will be available on the Air District's [Rule 11-18 Facility Risk Reduction Program webpage](#) beginning Friday, April 9, 2021. The comment period for this HRA will be open from April 9, 2021, through June 8, 2021.

Air District staff want to ensure a fair and equitable virtual workshop experience and provide opportunities for all interested parties to provide questions and comments. Comments on this draft HRA may be submitted [online](#) or by email to Carol Allen at: callen@baaqmd.gov. The Air District will consider all comments before finalizing this HRA.

Simultaneous language interpretation can be provided upon request at least 72 hours before the event. Contact Aneesh Rana at arana@baaqmd.gov or 415-749-4914 to request interpretation.
