

The Steering Committee is a community group that will direct the process of discussing and developing a Community Emissions and Exposure Reduction Plan. The CARB Blueprint for AB 617 states that the Air District will convene a community steering committee using an open and transparent nomination process. The final community steering committee membership should reflect the diverse makeup of the Richmond-North Richmond-San Pablo Area and should bring together an inclusive group with a range of knowledge and expertise. In order for your application to be considered, you must complete the Path to Clean Air Conflict of Interest and Financial Disclosure Form.

* 1. Please share your name and contact information.

Name

Address

City/Town

ZIP/Postal Code

Email Address

Phone Number
