

Pre-Bid Workshop: Request for Proposals

Community Engagement and Facilitation Services for Spare the Air Resource Teams

The Bay Area Air Quality Management District is seeking proposals from qualified organizations or individuals to assist with the administration, coordination, recruitment, retention, engagement, and facilitation of nine Spare the Air Resource Teams. We strongly encourage applicants with knowledge in community engagement, environmental justice, and coalition building to apply, especially applicants who have strong work experience in low-income communities, communities with limited English proficiency, and communities of color.

Proposals must be submitted by **4 PM on March 18, 2022**. View the Request for Proposals, find answers to common questions, and learn how to submit your proposals on the Air District's [Requests for Proposals and Quotations](#) web page.

To learn more about deadlines and requirements and to ask questions to Air District staff, join our virtual pre-bid conference. Participation is encouraged, but not required.
