AGENDA

1. CALL TO ORDER - ROLL CALL

PUBLIC MEETING PROCEDURE

The Committee Chair shall call the meeting to order and the Clerk of the Boards shall take roll of the Committee members.

This meeting will be webcast. To see the webcast, please visit www.baaqmd.gov/bodagendas at the time of the meeting. Closed captioning may contain errors and omissions and are not certified for their content or form.

***Email Comment on Agenda Items:** The public may comment on each item on the agenda. Email Comments for items on the agenda must be submitted to Comments@baaqmd.gov prior to the Committee taking up the particular item and indicate the agenda item to which the comment relates. Emailed comments will be considered as the agenda item is taken up by the Committee. Emailed comments containing 250 words or less will be read aloud by staff. Emailed comments exceeding 250 words may be summarized during the meeting, if feasible.*

Staff/Phone (415) 749-

2. APPROVAL OF THE MINUTES OF APRIL 22, 2020

Clerk of the Boards/5073

The Committee will consider approving the attached draft minutes of the Legislative Committee meeting of April 22, 2020.

3. SACRAMENTO LEGISLATIVE/BUDGET UPDATE

A. Abbs/8437
aabbs@baaqmd.gov

The Committee will receive an update on recent events of significance in Sacramento, including information related to the Fiscal Year (FY) 2020/2021 Budget.

4. AIR DISTRICT SPONSORED BILLS

A. Abbs/8437
aabbs@baaqmd.gov

The Committee will receive an update on the status of two Air District sponsored bills, Assembly Bill (AB) 2882 (Chu and C. Garcia) - Hazardous emissions and substances: schoolsites: private and charter schools, and AB 3211 (Bauer-Kahan and Bonta) - Toxic air contaminants.

5. **STATE LEGISLATION UPDATE**

A. Abbs/8437
aabbs@baaqmd.gov

Staff will present bills of interest and recommend the Committee recommend that the Board of Directors take positions on high priority bills where appropriate.

6. **PUBLIC COMMENT ON NON-AGENDA MATTERS**

Emailed comments indicating the comment pertains to non-agenda matters will be considered under this item. Emailed comments containing 250 words or less will be read aloud by staff. Emailed comments exceeding 250 words may be summarized during the meeting, if feasible. Comments may also be made during the teleconference. Instructions will be provided at the start of the meeting.

7. **COMMITTEE MEMBER COMMENTS / OTHER BUSINESS**

Any member of the Committee, or its staff, on his or her own initiative or in response to questions posed by the public, may ask a question for clarification, make a brief announcement or report on his or her own activities, provide a reference to staff regarding factual information, request staff to report back at a subsequent meeting concerning any matter or take action to direct staff to place a matter of business on a future agenda. (Gov't Code § 54954.2).

8. **TIME AND PLACE OF NEXT MEETING**

Wednesday, June 24, 2020, at 9:30 a.m. via webcast, pursuant to procedures authorized by Executive Order N-29-20 issued by Governor Gavin Newsom.

9. **ADJOURNMENT**

The Committee meeting shall be adjourned by the Committee Chair.

Accessibility and Non-Discrimination Policy

The Bay Area Air Quality Management District (Air District) does not discriminate on the basis of race, national origin, ethnic group identification, ancestry, religion, age, sex, sexual orientation, gender identity, gender expression, color, genetic information, medical condition, or mental or physical disability, or any other attribute or belief protected by law.

It is the Air District's policy to provide fair and equal access to the benefits of a program or activity administered by Air District. The Air District will not tolerate discrimination against any person(s) seeking to participate in, or receive the benefits of, any program or activity offered or conducted by the Air District. Members of the public who believe they or others were unlawfully denied full and equal access to an Air District program or activity may file a discrimination complaint under this policy. This non-discrimination policy also applies to other people or entities affiliated with Air District, including contractors or grantees that the Air District utilizes to provide benefits and services to members of the public.

Auxiliary aids and services including, for example, qualified interpreters and/or listening devices, to individuals who are deaf or hard of hearing, and to other individuals as necessary to ensure effective communication or an equal opportunity to participate fully in the benefits, activities, programs and services will be provided by the Air District in a timely manner and in such a way as to protect the privacy and independence of the individual. Please contact the Non-Discrimination Coordinator identified below at least three days in advance of a meeting so that arrangements can be made accordingly.

If you believe discrimination has occurred with respect to an Air District program or activity, you may contact the Non-Discrimination Coordinator identified below or visit our website at www.baaqmd.gov/accessibility to learn how and where to file a complaint of discrimination.

Questions regarding this Policy should be directed to the Air District's Non-Discrimination Coordinator, Rex Sanders, at (415) 749-4951 or by email at rsanders@baaqmd.gov.

DRAFT MINUTES

Summary of Board of Directors
Legislative Committee Meeting
Wednesday, April 22, 2020

This meeting was conducted under procedures authorized by executive order N-29-20 issued by Governor Gavin Newsom. Members of the committee participated by teleconference.

1. CALL TO ORDER – ROLL CALL

Legislative Committee (Committee) Chairperson, Margaret Abe-Koga, called the meeting to order at 12:00 p.m.

Present: Chairperson Margaret Abe-Koga; Vice Chairperson Brad Wagenknecht; and Directors John Bauters, John Gioia, Davina Hurt, and Karen Mitchoff.

Absent: Directors David Canepa, Pauline Russo Cutter, Scott Haggerty, and Tyrone Jue.

Also Present: Board Chair Rod Sinks (noted present at 12:03 p.m.)

2. APPROVAL OF THE MINUTES OF NOVEMBER 25, 2019

Public Comments

No requests received.

Committee Comments

None.

Committee Action

Director Wagenknecht made a motion, seconded by Director Hurt, to approve the Minutes of November 25, 2019; and the motion carried by the following vote of the Committee:

AYES: Abe-Koga, Bauters, Gioia, Hurt, Mitchoff, Sinks, Wagenknecht.
NOES: None.
ABSTAIN: None.
ABSENT: Canepa, Cutter, Haggerty, Jue.

3. APPROVAL OF THE MINUTES OF JANUARY 15, 2020

Public Comments

No requests received.

Committee Comments

None.

Committee Action

Director Wagenknecht made a motion, seconded by Director Hurt, to approve the Minutes of January 15, 2020; and the motion carried by the following vote of the Committee:

AYES: Abe-Koga, Bauters, Gioia, Hurt, Mitchoff, Sinks, Wagenknecht.
NOES: None.
ABSTAIN: None.
ABSENT: Canepa, Cutter, Haggerty, Jue.

4. APPROVAL OF THE MINUTES OF APRIL 15, 2020

Public Comments

No requests received.

Committee Comments

None.

Committee Action

Director Wagenknecht made a motion, seconded by Director Hurt, to approve the Minutes of April 15, 2020; and the motion carried by the following vote of the Committee:

AYES: Abe-Koga, Bauters, Gioia, Hurt, Mitchoff, Sinks, Wagenknecht.
NOES: None.
ABSTAIN: None.
ABSENT: Canepa, Cutter, Haggerty, Jue

5. SACRAMENTO LEGISLATIVE UPDATE

Alan Abbs, Legislative Officer, gave the staff presentation *Sacramento Update*, including; State Budget update (2020-2021); and legislative calendar. Mr. Abbs also mentioned a memo from Assembly Committee on Budget Chair, Assemblyman Phil Ting, which forecasted changes to the 2020-2021 California Budget.

Public Comments

Public comments received via electronic mail, and read aloud by Vanessa Johnson, Manager of Executive Operations, were submitted by: Janet Callahan and Janet Pygeorge, Rodeo Citizens Association.

Committee Comments

None.

Committee Action

None; receive and file.

6. AIR DISTRICT SPONSORED BILLS

Mr. Abbs gave the staff presentation Air District Sponsored Bills, including: Assembly Bill (AB) 2882 - Ensuring Health and Safety of Schools (Chu and C. Garcia), and AB 3211 - Expansion of Indirect Source Authority (Bauer-Kahan and Bonta).

Public Comments

Public comments received via electronic mail, and read aloud by Vanessa Johnson, Manager of Executive Operations, were submitted by: Janet Callahan and Janet Pygeorge, Rodeo Citizens Association.

Committee Comments

The Committee and staff discussed the likelihood of AB 2882 of moving forward in 2020, especially as one of its authors is leaving the Legislature at the end of the year.

Committee Action

None; receive and file.

7. CONSIDERATION OF NEW BILLS

Mr. Abbs gave the staff presentation *Bills of Interest*, including: Senate Bill (SB) 802 (Glazer) and SB 1099 (Dodd). He said that these bills were being revisited due to the Committee members' concern regarding potentially unlimited maintenance and testing of generators during power shutoffs at the April 15, 2020 Committee meeting.

- SB 802 would allow health facilities to operate emergency backup generators during public safety power shutoffs (PSPS) without having that usage count towards time limitations established by air districts. This bill would require an air district to adopt a rule or revise its existing rules, consistent with federal law, to allow a health facility that has received a permit from the district to construct and operate an emergency backup generator to use that emergency backup generator during a deenergization

event without having that usage count toward any time limitation on actual usage and routine testing and maintenance included as a condition for issuance of that permit. By requiring air districts to adopt or revise its rules, the bill would impose a state-mandated local program.

- SB 1099 would allow critical facilities, including water and wastewater agencies, to operate existing emergency backup generators during Public Safety Power Shutoffs (PSPS) or other losses of power without being out of compliance or subject to penalties from local air districts. This flexibility would ensure water continues to flow and wastewater continues to be treated during power outages, protecting public health and safety. This bill, consistent with federal law, would require air districts to adopt a rule, or revise its existing rules, to allow critical facilities with a permitted emergency backup generator to use that emergency backup generator during a deenergization event or other loss of power, and to test and maintain that emergency backup generator, as specified, without having that usage, testing, or maintenance count toward that emergency backup generator's time limitation on actual usage and routine testing and maintenance. The bill would prohibit air districts from imposing a fee on the issuance or renewal of a permit issued for those critical facility emergency backup generators. By requiring air districts to adopt a new permitting program for those critical facility emergency backup generators, the bill would impose a state-mandated local program. The bill also would define certain terms for purposes of these provisions.

Public Comments

None.

Committee Comments

The Committee and staff discussed the date by which the Air District needs to have adopted positions on these bills; whether any bills that oppose fossil fuel generation are being considered this year; and when Mr. Abbs expects to give the Committee an update on these two bills.

Committee Action

None; receive and file.

8. FEDERAL LEGISLATIVE UPDATE

Mr. Abbs gave the staff presentation *Federal Update*, including: current bills and advocacy efforts (Clean Corridors Act of 2019, wildfire smoke bills, Diesel Emissions Reduction Act/Targeted Airshed Grant funding, and backup generator/Public Safety Power Shutoff funding.)

Public Comments

No requests received.

Committee Comments

None.

Committee Action

None; receive and file.

9. PUBLIC COMMENT ON NON-AGENDA MATTERS

Public comments received via electronic mail, and read aloud by Vanessa Johnson, Manager of Executive Operations, were submitted by: Janet Callahan and Janet Pygeorge, Rodeo Citizens Association; and Charles Davidson, Sunflower Alliance.

10. COMMITTEE MEMBERS' COMMENTS / OTHER BUSINESS

Director Gioia suggested audio/visual options to improve the fluidity of the virtual meeting process, as technical difficulties occurred during the Budget and Finance Committee meeting, held earlier this morning.

11. TIME AND PLACE OF NEXT MEETING

The next meeting had originally been scheduled for Wednesday, May 27, 2020, at 9:30 a.m. via webcast, pursuant to procedures authorized by Executive Order N-29-20 issued by Governor Gavin Newsom. After the meeting adjourned, the next meeting was scheduled for Wednesday, May 27, 2020, at 1:00 p.m., via webcast, pursuant to procedures authorized by Executive Order N-29-20 issued by Governor Gavin Newsom.

12. ADJOURNMENT

The meeting adjourned at 12:56 p.m.

Marcy Hiratzka

Re: Sacramento Legislative/Budget Update

RECOMMENDED ACTION

None; receive and file.

DISCUSSION

On May 14, 2020, Governor Newsom released his May Revision to the Fiscal Year (FY) 2020/2021 Budget. Due to the budgetary effects from COVID-19, the proposed budget was significantly different than the January 2020 proposed budget, as shown in the table below.

Program	FY 19/20	FY 20/21 (Jan)	FY 20/21 (May)
Assembly Bill (AB) 617 - Implementation	\$50M	\$25M	\$0 *
AB 617 - Incentives	\$245M	\$200M	\$200M
AB 617 - Technical Assistance	\$10M	\$10M	\$0 *
Clean Vehicle Rebate	\$238M	\$125M	\$0 *
Clean Truck and Bus	\$182M	\$150M	\$0 *
Ag Diesel Engine Replacement	\$65M	\$50M	\$50M
Clean Cars for All/School Bus	\$65M	\$75M	\$0 *
Woodstove Replacement	\$0	\$0	\$0
AB 836 (Wicks) Clean Air Centers	\$0	\$5.5M	\$0

*\$0 * indicates \$0 in funding unless Cap and Trade Auction revenues for FY 20/21 exceed roughly \$2.5B in combined proceeds.*

The Assembly and Senate have scheduled various budget committee hearings and both plan to have their respective budget proposals completed by the end of May 2020, in hopes of completing the budget by the June 15, 2020 deadline.

Staff will provide an update to the Committee of activities related to the budget, especially related to AB 617 implementation funding.

BUDGET CONSIDERATION/FINANCIAL IMPACT

None.

**Re: 2020-2021 State Budget May Revision – Cap and Trade Expenditure Plan
AB 617 Implementation Funding**

Dear Governor Newsom, President Pro Tempore Atkins, and Speaker Rendon:

On behalf of the Bay Area Air Quality Management District (Bay Area AQMD), I am writing to respectfully share our significant concerns with the recent state budget revision in regard to the Cap and Trade Expenditure Plan and prospective AB 617 Implementation funding.

As you know, local air districts play a pivotal role in ensuring the state's air quality goals are met. These goals include attaining the health-protective national and state ambient air quality standards, reducing air toxics, working closely with the California Air Resources Board (CARB) to implement the state's climate change programs, and ensuring community health is protected from the effects of air pollution. This includes responsibility for implementation of the AB 617 Community Air Protection Program, including expanded air quality monitoring and analysis, extensive community interaction and support, and developing and implementing local air protection plans. Communities that have been identified as AB 617 communities rely on local air districts to work with them to realize the climate, air quality, and health benefits that have been promised by the state's Cap and Trade program. AB 617 Implementation funding has been vital in this by funding dedicated community staff, support for community organizations, monitoring equipment, and hyper-local air quality planning work.

Recent studies show that long-term exposure to high levels of air pollution leads to higher mortality from COVID-19.¹ The same communities that are disproportionately impacted by air pollution are also disproportionately impacted by COVID-19, and AB 617 is an important, state-mandated, community-led, effort to reduce air pollution exposure and improve public health and resiliency in these most impacted communities.

¹ "Exposure to air pollution and COVID-19 mortality in the United States: A nationwide cross-sectional study," Wu et al, (2020), doi: <https://doi.org/10.1101/2020.04.05.20054502>

May 15, 2020

Page 2

The enacted FY 19/20 budget included \$50 million (\$20 million from the Greenhouse Gas Reduction Fund (GGRF) and \$30 million from the Air Pollution Control Fund (APCF)) for implementation of AB 617. The May revision to the FY 20/21 budget proposes a priority list of programs to be funded from the GGRF, with an arguably slim potential for all other programs to be funded proportionally if excess revenues are realized during the quarterly auctions. While we are grateful that AB 617 incentive funding is considered a priority up to \$200 million under this approach, we are very disappointed that actual implementation of AB 617 is not considered a priority. If there were to be excess revenues, implementation funding would max out at \$25 million for the year based on the proportional funding concept, which is significantly less than actual annual air district expenses. Under this structure, funding for the local air district expenses of this program are unlikely, creating an unfunded mandate and a worrisome repeat of the pattern of government inconsistency and disinvestment in these vulnerable communities.

The Bay Area AQMD has played a central role in implementing AB 617 and has been working aggressively to make the program a success in two communities, West Oakland and Richmond/San Pablo. We are also working on early actions in East Oakland, Vallejo, San Jose, and eastern San Francisco, but the prospect of minimal or no funding for implementation of AB 617 will mean that much of our work will have to be scaled back. **We respectfully request that you fully commit to implementing AB 617 by prioritizing and allocating implementation funding in the amount of \$50 million.** If communities and air districts are to be successful, state funding for support at the community level must be adequate and ongoing.

The Bay Area AQMD appreciates the opportunity to provide our input on this important matter. We are committed to reducing air pollution in California and ensuring that every one of the region's 7.5 million residents can breathe clean, healthful air. We are also committed to ensuring that the State's most disproportionately affected populations realize emissions reductions as expeditiously as possible. If you should have any questions, please do not hesitate to contact me at (415) 749-5052, or our Legislative Officer, Mr. Alan Abbs at (916) 769-7769.

Sincerely,

Jack P. Broadbent
Executive Officer/Air Pollution Control Officer

Re: Air District Sponsored Bills

RECOMMENDED ACTION

None; receive and file.

DISCUSSION

Assembly Bill (AB) 2882 Hazardous emissions and substances: schoolsites: private and charter schools

AB 2882 is the Air District's bill in response to the Stratford School issue, and is joint authored by Assemblymembers Chu and C. Garcia, with coauthors Assemblymembers Kalra, Quirk, and Wicks, and Senators Hill and Wieckowski. Prior to constructing a new public school, a school district must go through a California Environmental Quality Act (CEQA) process that requires (in the Ed Code and Resources Code) dialog with their local air district, identification of sources of air pollution nearby, and a thoughtful determination that the nearby sources of pollution do not pose a threat to the future students or employees. While private schools perform CEQA, they are not required to make a similar declaration prior to construction of a school. As we see more infill development in California, including development of old industrial sites, it will be important to ensure that our children have an opportunity to attend schools with a healthy learning environment. We are happy to be working with Assemblymember Chu on this important measure.

This bill was single-referred to the Assembly Environmental Safety and Toxic Materials Committee and heard on May 14, 2020. It received a vote in favor of 7-0 and was referred to Assembly Appropriations.

Attached are several letters of support we have received for the bill.

AB 3211 Toxic air contaminants

AB 3211 is the Air District's response to the direction in the West Oakland Community Emissions Reduction Plan to expand Air District authority over indirect sources and has been joint authored by Assemblymembers Bauer-Kahan and Bonta. Indirect sources include warehouses, distribution centers, ports, or places that may not be a "stationary source" of pollution, but nonetheless attract sources of air pollution to them, namely cars and trucks. Current state law allows air districts to develop local regulations on indirect sources if they are in nonattainment of state air quality standards, ozone, and particulate matter. Significant medical research over the last decade, however, has informed us of the negative health effects of fine particulate matter (PM2.5) and toxic air contaminants, including diesel particulate, which current authority doesn't cover and, while we have made strides in cleaning up diesel engines over the years, large concentrations of diesel equipment in small areas can have huge health impacts in neighboring communities. AB 3211 would expand statewide authority to include toxic air contaminants within current indirect source authority, which would provide tools to air districts to further identify local health impacts and to more effectively target scarce incentive funding.

The bill had been double-referred to Assembly Natural Resources and Transportation Committees, but unfortunately was not prioritized for a hearing due to COVID-19. We will look at opportunities to reintroduce this bill in the next legislative session.

BUDGET CONSIDERATION/FINANCIAL IMPACT

None.

April 14, 2020

The Honorable Patrick O'Donnell, Chair
Assembly Education Committee
1020 N Street, Room 159
Sacramento, CA 95814

**RE: AB 2882 (Chu) – Ensuring Health and Safety of Schools –
Support**

Dear Chair O'Donnell:

On behalf of the California Air Pollution Control Officers Association (CAPCOA), the non-profit association of the air pollution control officers representing the 35 local air quality districts throughout California, I write to express our support of Assembly Bill 2882 (AB 2882), which would ensure the public health and safety of all students and school employees in California.

Existing law requires public schools to meet certain requirements before approving and building a new school, such as consulting with their local air pollution control district or air quality management district to identify sources of air pollution. This consultation includes an analysis of toxic air contaminants that may affect the health of the children and employees of the proposed school. These requirements also include that the school district's governing board determines that the property is not a current or former hazardous waste or solid waste disposal site, a hazardous substance release site identified by the Department of Toxic Substances Control, or a site that contains one or more pipelines that carries hazardous substances. This ensures that the school district, its employees, and parents are aware of local sources of pollution and provides an early opportunity to mitigate its effects as the school is constructed. Unfortunately, these requirements currently only apply to public schools and not to private and some public charter schools, resulting in cases where schools have been built in locations near sources of pollution,

April 14, 2020

unbeknownst to the children and their parents. We believe that regardless of whether students and school employees attend public or private institutions, it is imperative that their health and safety is protected to the maximum extent possible.

CAPCOA is dedicated to improving public health and providing clean air for all our residents and in order to ensure the public health and safety of all students and school employees in California, the potential location for a new private school or charter school needs to be properly evaluated. AB 2882 will achieve this by requiring that private schools and charter schools meet the same siting requirements as public schools. CAPCOA appreciates the opportunity to submit our comments on this important piece of legislation and urge you to support AB 2882. Should you have any questions, please do not hesitate to contact me at wnastri@aqmd.gov or (909) 396-3131.

Sincerely,

A handwritten signature in black ink, appearing to read "Wayne Nastri", with a stylized flourish at the end.

The Honorable Bill Quirk, Chair
Assembly Environmental Safety and Toxic Materials
The State Capitol, Room 2163
Sacramento, CA 95814

SUBJECT: AB 2882 (Chu)
POSITION: SUPPORT

Dear Assembly Member Quirk:

The California Teachers Association **supports** AB 2219 (Chu), which prohibits an environmental impact report from being approved for any project involving the purchase of a school site or the construction of a new elementary or secondary school by a charter school, unless the site meets California Environmental Quality Act (CEQA) standards ensuring the property is not located on a former hazardous waste disposal site or solid waste disposal site, a hazardous substances release site, and the property's proximity to facilities that might reasonably be anticipated to emit hazardous air emissions or handle hazardous or extremely hazardous materials, substances, or waste and establishes similar rules for charter school projects and private school contracts that already exist in school districts prohibiting approval of a project for acquisition of a school site in these dangerous conditions.

Existing law requires public schools to follow certain requirements before approving and building a new school, but it is unclear if these safeguards apply to charter schools. These requirements include that the governing board of the school district determines that the property is not a current or former hazardous waste or solid waste disposal site, a hazardous substance release site identified by the Department of Toxic Substances Control, or a site that contains one or more pipelines that carries hazardous substances. As a result, there are cases in California where schools have been built in a potentially unsafe location near sources of hazardous emissions, substances, or waste. Consequently, the public health and safety of all students and school employees at these schools could be at risk.

CTA believes charter schools must operate facilities consistent with public safety standards as applied to buildings of public access similar to all other public schools. Additionally, we believe CTA believes educators and students should be afforded every possible protection to their health and safety, including protection from environmental pollution and hazards. Finally, CTA believes educational institutions shall be constructed on property that is environmentally safe. School personnel, students, and their families must be notified of potential hazards in school facilities and the action plan for corrections. This proposal protects California's students and educators. **For these reasons, we urge your AYE vote on AB 2882 (Chu) when the bill is heard in the Assembly Environmental Safety and Toxic materials committee.**

Sincerely,

Seth Bramble
Legislative Advocate

RE: Assembly Bill 2882 (Chu) Position: SUPPORT

American Federation of Teachers, AFL-CIO

Dear Assemblymember Quirk:

The California Federation of Teachers (CFT), AFT, AFL-CIO, supports Assembly Bill 2882 which would require private schools and charter schools to meet the same health and safety requirements when locating or building a school site as public schools to prevent schools from being built at unsafe locations.

AB 2882 amends existing law to require charter schools and private schools to perform the same evaluation for a proposed school site as is required for public schools. In addition, AB 2882 requires the lead agency under CEQA, over a charter school, to complete the same evaluations as is required for a lead agency of a public school.

These requirements include that the public school district determines that the proposed schoolsite is not hazardous and that the public school district consults with its local air district to identify sources of air pollution that may affect the health of the children and employees at the proposed school. In order to ensure the public health and safety of all students and school employees in California, the potential location for a new private school or charter school needs to be properly evaluated. AB 2882 will achieve this by requiring that private schools and charter schools meet the same siting requirements as public schools.

There are thousands of known contaminated sites in California, however, there are estimates of tens of thousands of unknown contaminated sites in the state. A site may have been an industrial site in the early 1900's and been vacant for decades, and its potential of containing hazardous substances is unknown until there is an environmental assessment of the property. It is important that potential schoolsites, regardless of whether the school is a public school, private school, or charter school, be properly evaluated in order to protect the health and well-being of the future students who will attend that school.

For these reasons, we urge you to vote "AYE" on AB 2882. If you have any questions, please do not hesitate to call me at 916-446-2788.

Sincerely,

Tristan Brown

Support AB 2882 (Chu)

Assemblymember Bill Quirk, Ph.D.
Chair

Assembly Environmental Safety and Toxic Materials Committee
State Capitol Room 2163
Sacramento, CA 95814

Dear Dr. Quirk,

I write on behalf of the California Association of Private School Organizations (CAPSO) to indicate the Association's support for AB 2882 (Chu). CAPSO is a statewide consortium of private school service agencies and administrative units whose 24 member-organizations serve approximately 1,400 nonprofit private schools enrolling some 370,000 pupils in grades K-12, inclusive.

AB 2882 proposes an additional requirement to which the governing authority of a private school considering the acquisition or purchase of a school site would be subject. This additional procedural safeguard is intended to help prevent the acquisition or purchase of property in locations that may pose health hazards to a private school's students, staff, parents and community. We regard the measure's proposed provisions as sensible, reasonable, and practical.

We are grateful to Assemblymembers Kansen Chu and Cristina Garcia for authoring AB 2882, and are particularly appreciative that the bill's sponsor, the Bay Area Air Quality Management District, reached out to our association at an early date.

California's private schools are partners in the education of the public, and AB 2882 is, ultimately, a public health measure. In light of its purpose and reasonableness, we are pleased to support the bill, and respectfully request its passage when heard before the Assembly Environmental Safety and Toxic Materials Committee.

Sincerely,

Dr. Ron Reynolds
Executive Director
California Association of Private School Organizations

of the Legislative Committee

From: Jack P. Broadbent
Executive Officer/APCO

Date: May 19, 2020

Re: State Legislation Update

RECOMMENDED ACTION

The Legislative Committee (Committee) will discuss and review bills and take positions where appropriate. The Committee will also hear an update on further staff discussions regarding Senate Bill (SB) 802 (Glazer) and SB 1099 (Dodd) related to emergency backup generators.

DISCUSSION

Staff will provide the Committee a brief summary and status of bills on the attached list. Many of these bills were not scheduled for hearings and we assume they are not moving for the year.

Staff will review other bills that may be of interest to the Committee.

BUDGET CONSIDERATION/FINANCIAL IMPACT

None.

Respectfully submitted,

Jack P. Broadbent
Executive Officer/APCO
