

NOTICE INVITING WRITTEN PUBLIC COMMENTS

NOTICE is hereby given that the Executive Officer/Air Pollution Control Officer (EO/APCO) of the Bay Area Air Quality Management District has issued a Preliminary Engineering Evaluation Report under application number 26437 for the following proposed major modification at an existing major facility:

Application	Facility #	Facility Name	Address, City	Type of Operation
26437	A2066	Waste Management of Alameda County	10840 Altamont Pass Rd, Livermore, CA 94551	Compost Operation

Waste Management of Alameda County is proposing to install a compost operation that will include: a Covered Aerated Static Pile compost piles served by a biofilter, feedstock piles, tub grinder, and trommel screen. This project will result in more than 40 tons per year of precursor organic compound emission increases and more than 15 tons of PM10 emission increases which makes this project a major modification.

The Preliminary Engineering Evaluation Report documents the Air Pollution Control Officer’s preliminary decision to issue an Authority to Construct for proposed new equipment at this site. The proposed facility emissions and proposed project emission increases are summarized below:

	Proposed Project Emission Increases tons per year
Carbon Monoxide (CO)	0
Particulate Matter (PM10)	21
Sulfur Dioxide (SO2)	0
Precursor Organic Compounds (POC)	125
Nitrogen Oxides (NOx)	0

The emissions of POC from the compost operation will meet the Best Available Control Technology (BACT) requirements of District Regulation 2-2-301.1. The emission increases of POC associated with this project will comply with the emission offset requirements of District Regulation 2-2-302. The proposed project will also comply with the District’s TBACT requirements and health risk limits.

Pursuant to District Regulation 2-2-405 (amended June 15, 2005), the Air Pollution Control Officer invites written public comment on the Preliminary Engineering Evaluation and its intended action.

The Preliminary Engineering Evaluation is available for public inspection at the Outreach and Incentives Division Office located on the 6th floor of District headquarters at 375 Beale Street, San Francisco CA, 94105. This report may also be viewed on the District web page at the following address:
<http://www.baaqmd.gov/permits/public-notices>

Written comments should be directed to Stanley Tom, at Bay Area Air Quality Management District, 375 Beale Street, San Francisco, CA 94105 or by e-mail to stom@baaqmd.gov by no later than **June 8, 2017**. Any request for information should be directed to Stanley Tom at (415) 749-8681.

Dated at San Francisco, the 26th day of April, 2017

Jack P. Broadbent
 Executive Officer/APCO
 Bay Area Air Quality Management District
