Dear Mr. Louie:

This is to advise you that the Bay Area Air Quality Management District is proposing a minor revision to the Major Facility Review (MFR) Permit for your facility and is submitting the permit to EPA for their 45-day review period.

The purpose of this current action is to make minor MFR permit revisions pursuant to new source review permit applications: 26077, 26661, 28555, 28034 and 29320 and the associated Title V permit applications: 26078, 26663, 28556, and 29321. In addition, the Air District is updating regulation amendment dates and is correcting the facility name, Air District address, email addresses, responsible official, typographical errors, and table labels.

All proposed revisions are described in the enclosed Statement of Basis document.

A copy of the proposed Major Facility Review Permit and the Statement of Basis are enclosed for your review. If you have any questions regarding this proposed permit revision, please contact Irma Salinas, Principal Air Quality Engineer, by telephone at (415) 749-5110 or email at [isalinas@baaqmd.gov](mailto:isalinas@baaqmd.gov).

Sincerely,

Signed by Pamela J. Leong
