Title V Monitoring Report for the Period: August 1, 2013, to January 31, 2014

Reference:

Graphic Packaging International Santa Clara Paper Mill, Plant #AO732
2600 De La Cruz Blvd., Santa Clara, California

Dear Director:

This Title V Monitoring Report is submitted by Graphic Packaging International, Inc., as required to comply with the reporting requirements in District Regulation 2-6-502 and Title V permit condition I-F. During this period, Graphic Packaging International has complied with all applicable requirements for the all sources, without exception. During this period no fuel oil was combusted in the back-up boiler, which operated at an annual capacity factor of less than 3% over the last 12 months. The gas turbine, duct burners, and back-up boiler all operated at below their maximum firing rates. The rolling 12-month throughput rate for boxboard product remained below 142,000 tons per year. If you have any additional questions regarding this report or any events during this period, please call Rick Horne at (408) 496 5080.
