

## NOTICE INVITING WRITTEN PUBLIC COMMENT

**NOTICE** is hereby given that the Air Pollution Control Officer of the Bay Area Air Quality Management District (“Air District”) has made a preliminary decision to issue a Synthetic Minor Operating Permit to Vantage Data Centers Management Co., LLC, located at 2625 Walsh Avenue, Santa Clara, CA 95051, as requested under application no. 28827. This facility operates forty-four emergency standby diesel generator engines.

The proposed permit will impose practically-enforceable permit conditions that limit the facility’s potential to emit carbon monoxide, nitrogen oxides, sulfur dioxide, precursor organic compounds, and particulate matter to 95 tons per year each, any single hazardous air pollutant to 9 tons per year, and aggregate hazardous air pollutant emissions to 23 tons per year. By limiting the facility’s potential to emit in this manner, the proposed permit will ensure that the facility remains exempt from the requirements of the Federal Operating Permit Program as codified in Title V of the Federal Clean Air Act Amendments of 1990 and implemented by the District through Regulation 2, Rule 6.

The Air Pollution Control Officer invites written public comment on the above application and intended action. Comments must be submitted by March 7, 2023.

The evaluation report with synthetic minor operating permit conditions and supporting documents are available online at this address: <http://www.baaqmd.gov/permits/major-facility-review-title-v/title-v-permits>. Written comments may be submitted by postal mail to Daniel Oliver at the Bay Area Air Quality Management District, 375 Beale St., Suite 600, San Francisco, 94105 or by email to [doliver@baaqmd.gov](mailto:doliver@baaqmd.gov). Any request for information or for a public hearing should be directed to Dennis Jang at [djang@baaqmd.gov](mailto:djang@baaqmd.gov).

Paper copies of the evaluation report with synthetic minor operating permit conditions and supporting documents are available for public inspection at the District Headquarters, 375 Beale Street, Suite 600, San Francisco CA 94105.

Dated at San Francisco, the 26<sup>th</sup> day of January 2023.
