

## NOTICE INVITING WRITTEN PUBLIC COMMENTS

**NOTICE** is hereby given that the Executive Officer/Air Pollution Control Officer of the Bay Area Air Quality Management District invites interested persons to submit written public comments on the proposed Significant Revision to a Major Facility Review Permit for the following Facility:

Application	Facility #	Facility Name	Address	Type of Operation
11374	A1840	West Contra Costa Sanitary Landfill, Inc.	Foot of Parr Boulevard Richmond, CA 94801	Solid Waste Landfill & Electrical Generation

The primary purpose of this revision is to change the permitted capacity of the existing sources, which will allow the facility to accept waste until the fall of 2006; add a new solid waste transfer station source, where waste will continue to be accepted after the fall of 2006 and transported off-site to other disposal sites; and to add the federal requirements to which the facility now becomes subject.

The Executive Officer/Air Pollution Control Officer invites written comment on the proposed significant revision described above. Comments must be received by August 15, 2006. The public may also request a public hearing for this significant revision.

Significant revisions of Major Facility Review Permits are also subject to review and approval by US EPA. If US EPA has not objected to a proposed significant revision and District has not addressed a public comment in a satisfactory manner, the public may petition US EPA, Region IX, Operating Permits Section at 75 Hawthorne Street, San Francisco, CA 94105, within 60 days after the end of US EPA's review, to reconsider the issuance of the permit. The beginning and end of EPA's review period can be found on EPA Region IX's website at: <http://www.epa.gov/region09/air/permit/index.html>.

The proposed revised Major Facility Review permit, application, and evaluation report are available for public inspection at the District Headquarters, 939 Ellis Street, San Francisco, CA, in the Permit Services Division, 3rd Floor. For an appointment, please call May Leung at (415) 749-4729.
