NOTICE is hereby given that the Executive Officer/Air Pollution Control Officer of the Bay Area Air Quality Management District invites interested persons to submit written public comments on the proposed Renewal of the Major Facility Review Permit for the following facility:

Application #	Facility #	Facility Name	Address	Type of Operation

Major facilities are required to obtain operating permits under Title V of the 1990 Clean Air Act Amendments, the Federal Operating Permit Program and the District's Regulation 2, Rule 6 - Major Facility Review. The permits summarize all air-related requirements that apply to each source of emissions at each facility. There have been no significant changes in emissions at this facility.

The initial Title V permit for this facility was issued on May 12, 1998. Details of the subsequent revisions to the permit can be found in Section XII of the permit entitled "Revision History". All changes to the most recent version of the permit are clearly shown in strikeout/underline format.

The Air Pollution Control Officer invites written comment on the above proposed permit renewal. Comments must be received by March 1, 2012. Any interested person may also request a public hearing for this permit.

Major Facility Review Permits are also subject to review and approval by US EPA. If US EPA has not objected to a proposed permit and District has not addressed a public comment in a satisfactory manner, the public may petition US EPA, Region IX, Operating Permits Section at 75 Hawthorne Street, San Francisco, CA 94105, within 60 days after the end of US EPA's review, to reconsider the decision to not object to the permit. The beginning and end of EPA's review period can be found on the EPA Region IX website at: <http://www.epa.gov/region09/air/permit/index.html>.

The proposed revised Major Facility Review permit, application, and evaluation report are available for public inspection at the District Headquarters, 939 Ellis Street, San Francisco, CA, in the Engineering Division, 3rd Floor. For an appointment, please call May Leung at (415) 749-4729. The proposed permit and evaluation report are also available on the District's webpage at the following address: <http://www.baaqmd.gov/Divisions/Engineering/Title-V-Permit-Programs/Title-V-Permits.aspx>. Written comments should be directed to Brian Lusher, at Bay Area Air Quality Management District, 939 Ellis Street, San Francisco, CA 94109 or by email to blusher@baaqmd.gov. Any request for information or for a public hearing should be directed to Brian Lusher at (415) 749-4623.
