Re: Response to Public Comments for the Russell City Energy Temporary Simple Cycle Operation Project

Dear Mr. Cameron:

On August 20, 2021, the Air District received your comments on the Temporary Simple Cycle Operation Project proposed for the following facility:

Application	Facility	Facility Name	Address, City	Type of Operation
31198	B8136	Russell City Energy Center	3862 Depot Road Hayward, CA 94545	Power Plant

The Air District appreciates your comments. With respect to AC Transit Route 86, temporary simple cycle operation at the facility is not expected to have any impact on the health of bus riders and drivers. The District’s regulatory requirements are designed to protect air quality of nearby residents and others who are in the vicinity of the project for extended periods of time.

If you have any questions regarding this matter, please contact Xuna Cai at (415) 749-4788 or xcai@baaqmd.gov.

Very truly yours,

Dennis Jang
Supervising Air Quality Engineer
Engineering Division
BAAQMD
