Dear Ms. Schkolnick:

As Associate Superintendent for Business Services of the Mountain View Los Altos Union High School District, I authorize submittal of the Transportation Fund for Clean Air Grant Application to support the Los Altos High School Bike-to-School transportation fund. I also authorize Galen Rosenberg, Assistant Principal, Los Altos High School, to execute the grant application and funding agreement for the project with BAAQMD. The MVLAUHSD supports Los Altos High School's program to reduce auto transportation to school . *As required, the MVLAUHSD's operating budget for FY 20114-15 includes the \$985 in matching funds in this application to ensure proper installation of the racks. In addition, the MVLAUHSD assures installation of the new racks within four months of receipt and will maintain the racks for at leasts ten years after installation.* The project is a key component in Los Altos High School's and the MVLAUHSD's efforts to reduce the automobile as the primary mode for accessing the high school by facilitating viable transportation alternatives.

Thank you for considering our project for funding. Should you have any questions about the application, please contact Galen Rosenberg, Assistant Principal, 650-960-8814.
